

# DARRICK WOOD SCHOOL

RESPECT | RESPONSIBILITY | HONESTY

Dear Parent/Carer

This week we have continued to enjoy seeing Years 10 and 12 on site along with our priority group provision students.

We have written to parents/carers sharing plans regarding GCSE and A level results days, arrangements for returning text books and clearing lockers. We have also continued to put together our plans for opening for all students full-time in September. I will write to you in detail regarding this on Monday, 13th July. Please be aware that in order to ensure that all year groups can be re-integrated safely into school, there will be a phased start with different year groups returning on different days. It is important that you note the details I will send on Monday.

This week we have also notified you about our uniform suppliers and the arrangements they have made for new items of uniform to be purchased before September. We are considering how we could arrange a PSFA secondhand sale before September. Further information will follow.

Finally for today, we received some welcome news from the Department for Education. We were successful in bidding for funding to fix leaking roofs and replace one of our lifts. This is a substantial contribution of funding to the improve the condition of the School. We are hoping the roof programme at least can begin this summer.

Have a good weekend.

Yours sincerely

Dr M J Airey

Head Teacher
