

Dear Parent/Carer

**Re: Free School Meals**

If your child is currently entitled to a Free School Meal, we are now in a position to provide you with vouchers in replacement for your child's usual meal at school. This will be arranged through an online system. You will have been contacted or will shortly be contacted by email and/or text by a company called Wonde. The system allows schools to distribute supermarket vouchers electronically to parents. This is how we are told the process will work:

1. You will be given a choice of which supermarket you would prefer to spend your vouchers:
  - ASDA
  - Morrisons
  - Tesco
  - Sainsburys
2. The School will purchase vouchers from Wonde. Wonde orders them from the supermarkets and once they are received by Wonde, they are sent directly to parents. The supermarkets have said they will get the vouchers out in the following timescales:
  - ASDA - Next day
  - Morrisons - Same day
  - Tesco - Same day
  - Sainsburys - Same day

We have already placed our first order. Wonde has said that the system is now fully functional, but there may be a 24-hour delay for parents to receive their first voucher if they are yet to choose their supermarket preference, so you need to decide on this as soon as possible. Please note that a parent only has to choose their supermarket preference once as it will be retained for future vouchers.

This is an entirely new system and they have done really well to get it up and running so quickly. Hopefully, you will receive your first voucher soon. Please [click here](#) for further clarification of how this is intended to work.

Yours sincerely

Dr M J Airey  
Head Teacher
