

DARRICK WOOD SCHOOL

RESPECT | RESPONSIBILITY | HONESTY

Dear Parent/Carer

We had an excellent response on our call for students to become extra creative on Wednesday. Some of the products of their hard work can be seen on the School's twitter feed [here](#).

Assistant Head Teacher, Mr Williams, has written to all students and staff to encourage participation in the 2.6 Challenge this weekend. We hope that lots will participate and raise funds for charities. To find out more and join in if you wish please see the information [here](#).

Next week and weekly thereafter we will also be launching some inter-form competitions. Please encourage your children to take part in these. It will be another good way we can do things as a community despite the current circumstances.

Coming to the end of the third week of school closure, we would appreciate it if you could also continue to encourage your children to have a routine each day, to complete what work they can and when asked by their teachers to send work back to them.

Finally for now, we are beginning the process of following government and Ofqual guidance on the submission of Centre Assessed Grades. Please do not contact the School or individual staff about your child's grade or related matters. It is vital that we as an Examination Centre adhere to the strict guidelines.

I wish you an enjoyable weekend.

Yours sincerely

Dr M J Airey

Head Teacher
