

DARRICK WOOD SCHOOL

RESPECT | RESPONSIBILITY | HONESTY

Tuesday, 10th May 2022

Dear Parent/Carer

Further to my email this morning, the contractors are on site and are still working to resolve the problem with our water supply. They will not be able to fix the issue until later tomorrow at the earliest. I am therefore letting you know that unfortunately the School site will have to remain closed for another day. Those sitting their GCSE language speaking examinations must still attend in time for these. Also, the Year 12 BTEC CPLD set task planning session will go ahead periods 2 and 3. There is a limited amount of water remaining in our storage tanks meaning this small number of students can still attend and be able to use facilities if required, but the site will be closed to all other students and those who do attend are advised to bring a bottle of water to drink.

All students should follow their usual timetable, logging into Teams by 8.35am but ready to start their first lesson at 9am. They should then complete work set on Teams and engage in live lessons that are taking place. A record of students' log-ins will be used to check they are accessing their education whilst at home.

I apologise for this unavoidable situation and will update you further tomorrow.

Yours sincerely

Dr M J Airey

Head Teacher
